

```
> kubectl apply -f install/kubernetes/helm/istio/templates/crds.yaml
```

I

```
> kubectl apply -f install/kubernetes/helm/istio/templates/crds.yaml
```

I

```
> kubectl apply -f install/kubernetes/helm/istio/templates/crds.yaml
```

I

```
> helm install install/kubernetes/helm/istio --name istio --namespace istio-system --set global.mtls.enabled=true --set tracing.enabled=true --set grafana.enabled=true
```
